ROUTING INFORMATION FLOW

This Appendix contains routing information to depict the flow of National routing indicators. It is comprised of the following:

- a. US Gateway Delivery. Depicts the various National RIs in alphabetical listing, the RI of the US National Gateway Center (NGC) having delivery/relay responsibility, and the RI of the recipient gateway or transfer station.
- b. Canadian Gateway Delivery. Depicts the various National RIs in alphabetical listing, the RI of the Canadian ADDN node having delivery/relay responsibility, and the RI of the recipient gateway or transfer station.
